

REMARKS

In the Office Action dated 04/18/05, the Examiner rejected claims 1-15 under obviousness type double patenting based on US Serial Number 10/099,045. Applicant is submitting herewith a terminal disclaimer to overcome this rejection.

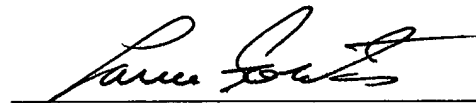

Applicant is also adding new claims 16-25. The attached terminal disclaimer should also overcome any obviousness type double patent rejections associated with these new claims.

Applicant is submitting certain amendments to the specification to remove redundant verbiage and to correct certain typographical errors.

Applicant notes that there is no indication of the 04/18/05 Office Action that the Examiner reviewed the Form 1449 list of references. For the Examiner's convenience, applicant is submitting this list of references again and requests the Examiner provide a notation of reviewing these references. The list includes one further item which was noted in parent application serial no. 10/099,045.

Respectfully submitted,
